Dear Lauren

I just wanted to say a big thank you to you and your team for helping us out during a very difficult time. Our initial contact with your office and in particular Ruby was amazing and she worked very hard to get me the right people at very short notice and when their circumstances changed Ruby did everything possible to find suitable replacements including suggesting that she would in fact work with us if needed. It turned out that you were able to provide us with the services of Monique and Lisa for the period required and they both did a fantastic job for us under the circumstances. They were thrown in at short notice with minimal assistance and they both presented extremely well and with a great attitude. They certainly worked hard and got the job done so I have to say we were very happy with the result. Once again I thank you and would highly recommend your company and your team to anyone in need of temporary assistance in the real estate industry.

Regards
Julie Tagg
